

Get to know your banking partner!

At Highland Bank, our experienced bankers are here to get to know you and your business to identify and fulfill your financial needs.

A dedicated leader who has been in the banking industry since 1993, Patti joined Highland Bank more than 20 years ago and oversees the Personal Banking teams at the Bloomington and Minnetonka offices. Patti is skilled at building a highly functioning team, keeping them engaged, and helping them work together to serve Highland customers most effectively.

Known for her friendly demeanor and positive approach, Patti is passionate about connecting personally with clients and cares deeply about their financial success and personal wellbeing. Patti is a former small business owner herself, so she quickly recognizes the needs of businesses in all stages of growth, and connects them to the appropriate lender when needed. She also works with individuals in various life stages, and helps them select the financial tools they need, from opening their first checking account to options for longer term goals. "It's important for me to be part of my clients' support team, making sure they get financial solutions, not surprises," she explains.

When she can snag a day off, Patti enjoys boating on Lake Minnetonka, golfing, and spending time with her kids and grandkids.
